Logo Design Project

TGJ2O/3M
Communications Technology
October, 2023

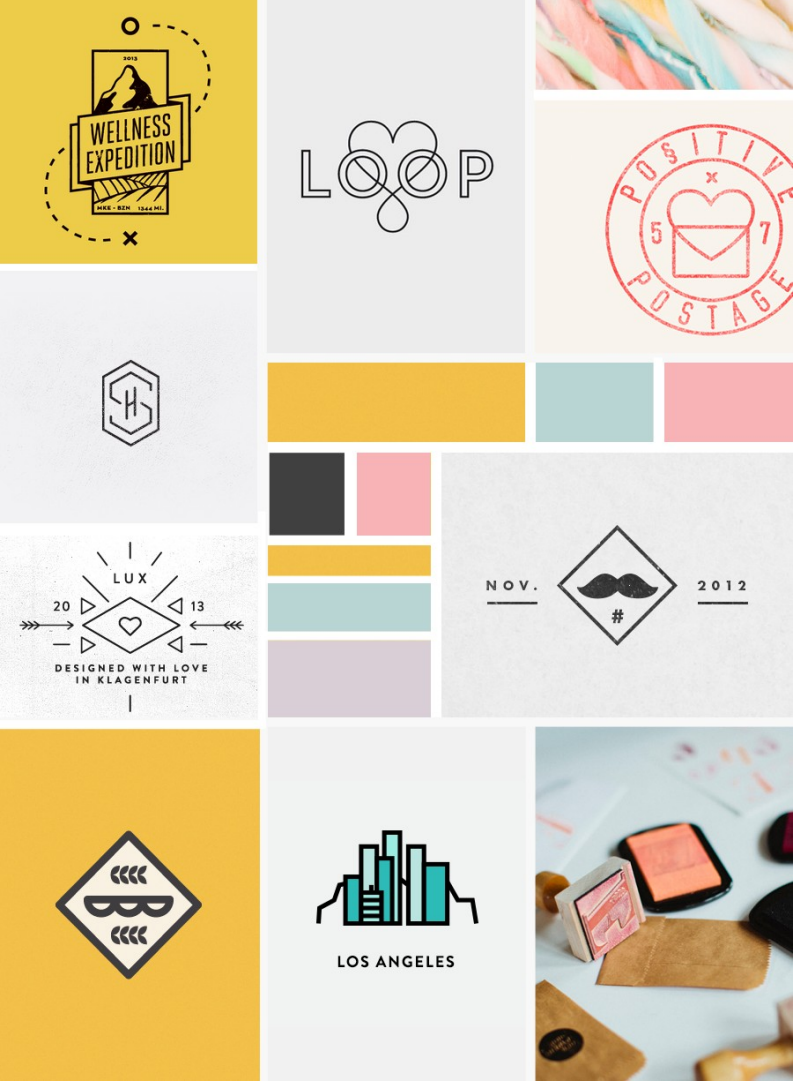

What do you have to do?

Your task is to create a logo for your very own graphic design company. You can name the company, or use your own name.

How will it be used?

You will use this logo throughout the semester in other projects, so it’s important you put a lot of thought into your design.

What am I looking for?

Mood Board

- Does your mood board give a good sense of your direction?
- Does it include a colour palette, and sources of inspiration?

Sketches

- Do your sketches demonstrate design thinking?
- Do you have multiple rough ideas and iterations?

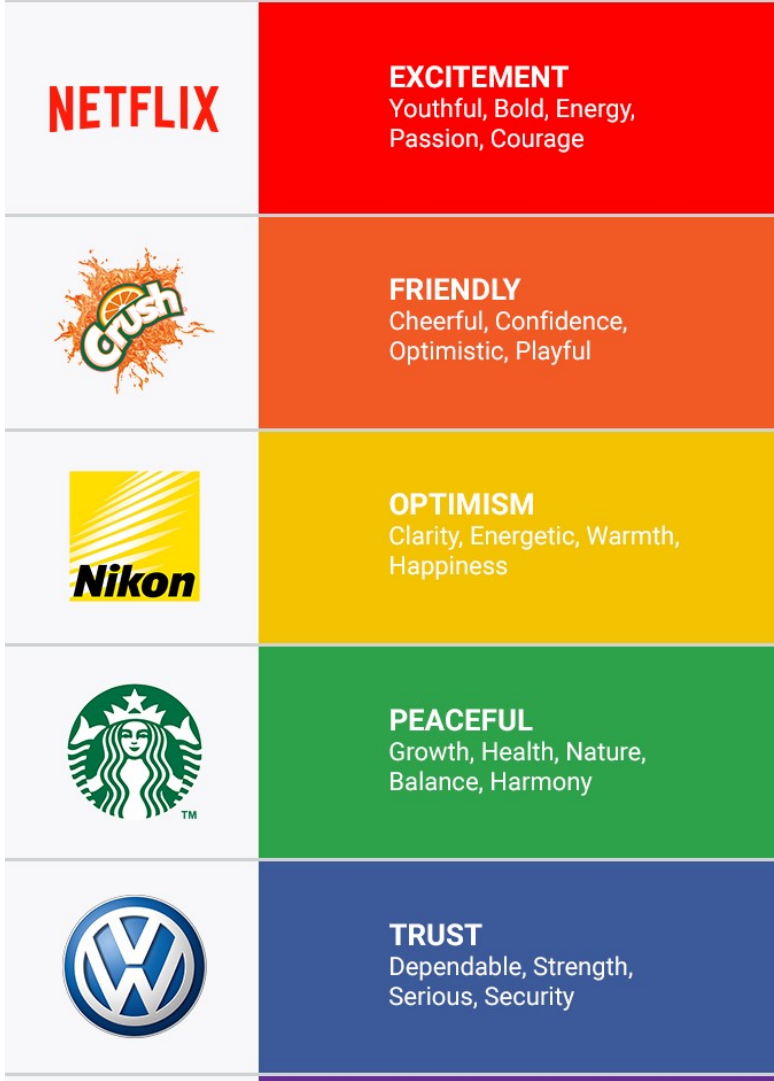

Typography

- Did you select fonts that effectively represent your brand?
- Did you make good use of letter spacing and line height?

Colour

- Did you use colours that convey the mood you're hoping to achieve?
- Did you apply your knowledge of colour theory?

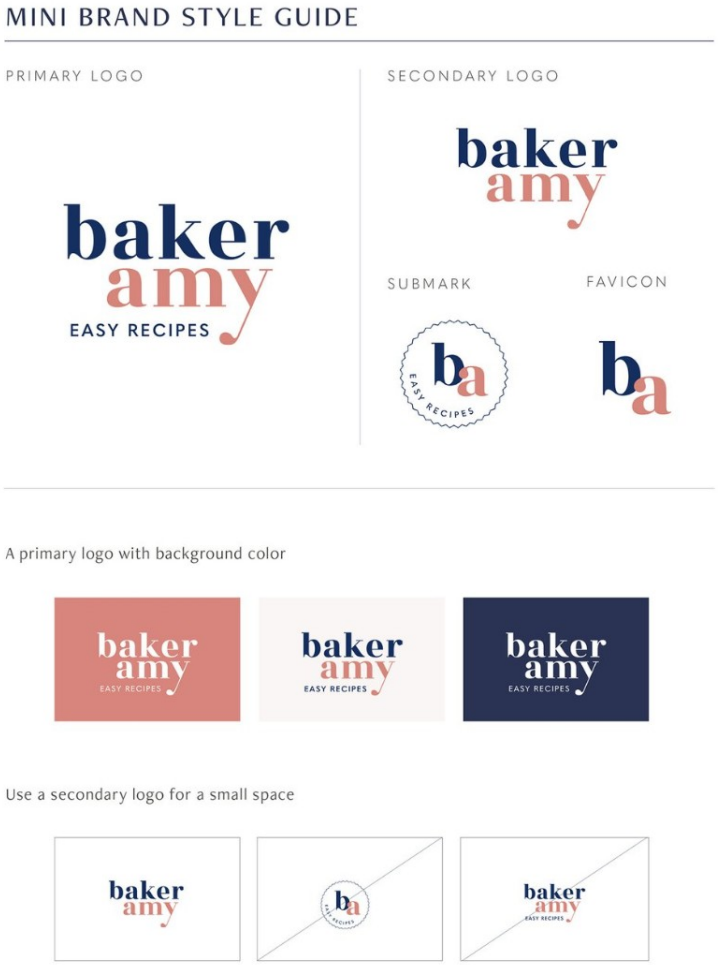

Application

- Were you able to incorporate your logo onto physical items?
- Is the sizing and positioning of the logo effective?

Business Card

- Is your design laid out well?
- Do you make good use of hierarchy and proximity?
- Is it two-sided?

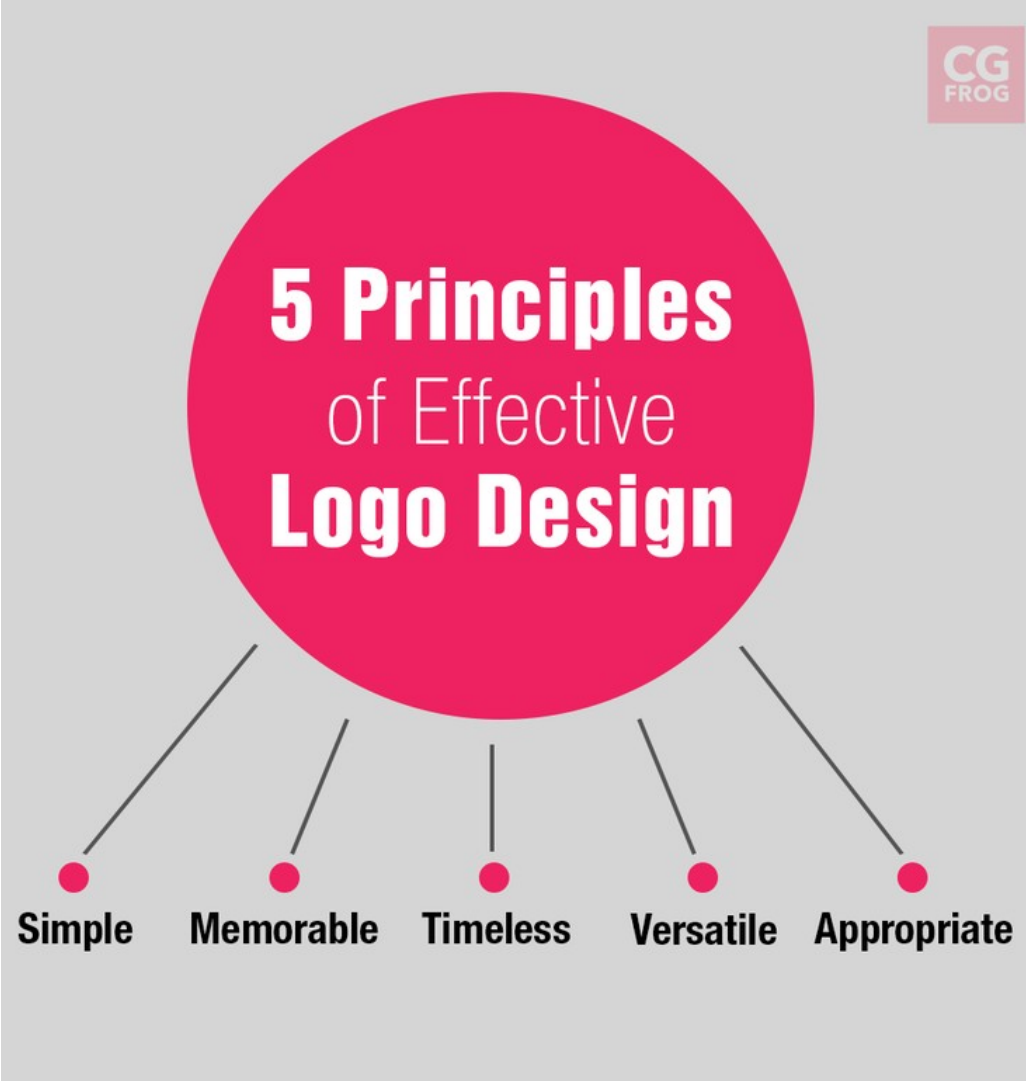

Guidelines

- Do your guidelines follow the established conventions?
- Does it give the viewer a good sense of how your logo should be applied?

Overall Design

- Does your logo follow good logo design principles?
- Does it effectively communicate your message?

Submission Requirements

- A **photo** of your sketches
- A **JPG** of your mood board
- A **PNG** export of your primary logo
- A **JPG** of your logo on some swag (t-shirt, mug, etc.)
- A **PDF** of a business card you design with your name and logo
- A **PDF** of your logo guidelines stylesheet

Questions?

Use this time to clarify expectations.
